

Part 4

Sometimes, the greatest evidence of **God's promises** is not found in immediate answers, but in the **strength** He gives us to **wait**, to **hope**, and to **persevere**. The lives of **women in the Bible** reveal what it means to seek God through seasons of favour and blessings, but also silence, uncertainty, and longing. Yet even in their waiting, God was working—shaping their faith, **fulfilling His Word in perfect time**.

God's promises may not always unfold in the way we expect, but they are always fulfilled in the **way He intends**—full of purpose, goodness, and grace.

Join us for **Part 4** of our **6-Week English Online Series** as we are encouraged by the stories of Biblical women who learned to trust God's timing and discovered His faithfulness in unexpected and beautiful ways.
